EXPERIENCE

- 2023** **FREELANCE PRODUCT DESIGNER & FULL-STACK DEVELOPER**
Little John Tower | Sep 2014 - Present
Worked as a freelancer for companies and clients that needed help with UI/UX Design or coding in HTML/CSS/Javascript and Vue.js.
- 2022** **FREELANCE PRODUCT DESIGNER**
Easy Order App | Feb 2022 - Avril 2022
Came in reinforcement to design a new webshop and app for the e-commerce part. Created wireframe for a CRM tool for the customers.
- 2021** **FREELANCE FULL-STACK DEVELOPER**
RTBF | Nov 2021 - Mar 2022
Created an administration for an in house tool in Vue.js, Node.js and Express.js.
- 2021** **PRODUCT DESIGNER & FULL-STACK DEVELOPER**
Coloc Housing | Jan 2021 - Oct 2021
Created a new design for the website. Developed an API in node.js and created a Dashboard for the owners in Vue.js to get an insight into their houses.
- 2019** **UI/UX DESIGNER & FRONT-END DEVELOPER**
Le Télégramme | Apr 2019 - Dec 2020
Worked on the design and coding of new pages for the main websites of the newspaper. Led the full redesign of letelegramme.fr.
- 2018** **UI/UX DESIGNER & FRONT-END DEVELOPER**
Coloc Housing | Oct 2018 - Oct 2019
Creation of the first website for Coloc Housing. Including an owner dashboard, a contract signing app and a marketplace.
- 2016** **EUROPE TOUR**
Jan 2016 - Jul 2018
- 2015** **UI DESIGNER & FRONT-END DEVELOPER**
Le Télégramme | Apr 2015 - Jan 2016
Worked as the first UI Designer and Front-end developer in the newspaper. I created designs and coded email campaigns, Google ads, websites pages, apps and the data-vizualisation part of the website.
